

EDUCATION

In the field of education, the projects cover a wide field from *bal sanskar* to higher secondary schools and colleges to hostels. The children of our vanvasi and girivasi brethren are deprived of a good education due to the remote areas they live in.

Hostels

Hostels (*Chhatrawas*) are set up which provides an opportunity to groom an all round disciplined person who is aware of his/her heritage and sensitive to his duties to the society, country and his family - a self-respecting individual proud of his nation and his cultural heritage - the Bharatiya Sanskriti.
