

Health Status of Ma. Ashokji Singhal (90) as on October 22Thu, 2015 (Vijaya Dashami)  
Ma. Ashokji Singhal (Patron, VHP) was feeling unwell since October 14Wed, 2015 (Delhi) due to some chest congestion/bronchitis. Still he flew to his hometown Allahabad on 16th to take part in the annual Durgaashtami Pooja (21st). But the condition did not improve and on 19th the normal horizontal (Letnaa) and vertical (Baithnaa & Khade Hona) postures on his part became impossible and there was no chance of getting a nap or sleep. On 20th Air Ambulance with two doctors from Delhi brought him back and admitted in ICU in the multi-specialty Medanta Medicity, Gurgaon at 06.00 PM. Infection in lungs and pneumonia were detected and immediate treatments given. Things improved and he was feeling well on 21st. Now he is stable and under care of his doctors at Medanta Hospital. He is having medication as also the normal breakfast, lunch, snacks and dinner.
