

Shinde Sahib must resign for parroting the Pakistani idioms on terror and the Congress apologize to the Hindu society and the Sant Fraternity for tagging the holistic, altruistic and syncretic expressions 'Hindu' and 'Saffron' as 'terrorists'!

- Ashok Singhal, Patron, VHP Int'L

New Delhi, January 23, 2013 - It is quite astonishing that at a time when the entire Sant Fraternity of Bharat including the Jagadguru Acharyas, Mahamandaleshwars, and lakhs of Sant-Mahatmas from all the Sampradayas are ministering spirituo-cultural activities and discourses in the midst of millions of Dharmapraan pilgrims visiting daily to the mega Purna Kumbha Fair at Prayagraj, the Home Minister of Bharat was not at all ashamed of mindlessly tagging the Hindu society and the holistic, altruistic and syncretic Saffron culture and tradition as "Hindu Terror" and "Saffron Terror". If the Home Minister does not retract his statement and apologize to the Hindu society, the Sants would have to take a strong step against this perverted mindset. This country deserves a Home Minister who does not parrot the Pakistani idioms of discourse on global and local terrorism. Since times immemorial the Hindu society and Dharma do not hold any brief for injustice, wicked violence, dodge, and duplicity. The allegation of "violence" and "terror" on Hindu society and the saffron uniform - this the Hindu society and the Sant Fraternity cannot tolerate.

This statement has come after the brain-storming session of the Congress Party. The act of showing down the Hindu society in the world - this Soniaji as a Vatican Christian has been doing for long. The Kanchi Sankaracharya who is accepted as the seniormost Acharya in the Sant Samaj was framed and arrested under murder allegations and it was all done under her signals. The entire Hindu society should take a strong stand against this anti-Hindu agenda of the Sonia-led Congress and demonstrations should continue at all centers of the country until and unless Shinde Sahib submits his resignation and the Congress offers apologies to the Hindu society.

The Vishva Hindu Parishad is going to present a Hindu Agenda on the occasion of the Kumbha Mela. Over a 1,000 million Hindus live by the indigenous holistic culture of this country and cannot remain a spectator when our culture is called names and humiliated.

Bhagwan Ram Lala in a 'rag Temple' - it is a humiliation of the Hindu society. The Sant Fraternity of Ayodhya and that of the whole country would pass a Resolution at the Kumbh

for a Law of Parliament for construction of a grand Nativity Temple to Sri Ram Lala at His Birthplace comprising of 70 acres of land.

It is time the Hindu society is no longer ready to take on board the humiliations heaped on it by the Congress.
