

Press Statement:

Tabrez investigation report again exposes the conspiracy of secularists;

Action should be taken against Jihadists and also the Khan Market mafia: VHP

New Delhi, September 11, 2019: The Vishva Hindu Parishad (VHP) says that Tabrez's post-mortem report released after an intensive investigation has not only clarified the reasons for his death but also exposed a major conspiracy of the secular gang. VHP Joint General Secretary Dr. Surendra Jain also said in a statement today that for the elimination of Jihadi terrorism, it is also necessary to put an effective curb on its advocates - the Khan Market Mafia, which has repeatedly been maligning the Hindu society, India and humanity to prove to be articulators and nourishers of Jehadi terrorists, extremists and the Tukde-Tukde Gang. The VHP joint general secretary said that whenever there is a fight between a Hindu and a Muslim for any reason and a Muslim gets hurt in it, the entire Khan Market Gang becomes proactive. Without waiting for any evidence or report, they start provoking Muslim society so that they take to the streets and there are communal riots.

More than 20 temples were demolished due to the campaign launched after Tabrez's death and at 32 places Jihadists made fierce demonstrations and attacked Hindus. The horrors of the demonstrations in Surat and Ranchi can never be forgotten. But if any Muslim gets hurt in a riot, then the KM Gang gets another chance to discredit the Hindu society, Hindu organizations and the central government.

The Vishva Hindu Parishad accused all politicians and so-called intellectuals of the secular fraternity that they want to throw the country into the fire of riots driven by their vested interests. They strengthen the hands of the opponents of the country by instilling in people disaffection for the entire judicial system of the country, and by running "Mob lynching", "Award Vapsi" campaigns, etc.

On the anniversary of the World Trade Centre attack, the Vishva Hindu Parishad wants to make it clear that only then and then can terrorism be neutralized, if, besides taking action against terrorists, their aides - that is, the advocates of the terrorist devils entrenched in the secular fraternity - are also fully exposed and strict action taken against them.
